**MY 2 CENTS - Darla Ewer**

Greetings Ladies,

Wow, we are cruising right thru our 2022 season! We're not quite half way and we already have several new members. Our Member/Guest day was a HUGH success with 43 members and 20 guests participating! I anticipate a few more members are headed our way! Thank you to ALL and I do mean ALL who helped with Member/Guest and a special thank you to the event coordinators and to the members for all of the donations for the Guest gift bags and to Terry Ellis for the GOLF BAG raffle! We made \$215 this year for our ERLGL.

We've got more and more ladies signing up for 18 holes and there are a few who have expressed the need for the earliest tee times as they have later work commitments or a long way to travel home. I'm asking that a few of us that normally go for the earliest times, leave a few open for our current and potential members. I was asked if we could start earlier to accommodate everyone and unfortunately, Tony said the City Council determines the hours for discounted rates for Leagues and that is after 1 p.m. So please help to accommodate those who need it.

We will be discussing our League Championship coming in August, so watch for more info on that.

Thanks again for being a part of the Eagle River Ladies Golf League and I appreciate each and every one of you that are pitching in to make it another successful season! 50 years in the books and we're still going strong!

One last thing. If you haven't checked yet, we are on the Eagle River Golf Course website and Facebook page.

See you on the course,

Darla

## **GUEST DAY PIX**

Tony's Rules and Putting Clinic

On the Course

Eating.....

Drinking.....

GOOD TIMES!!

### **TIPS FROM TONY**

We had an eye-opening clinic from Tony at our Guest Day event. So many rules changed in 2019; it's good to review them from time to time.

### **EDITOR'S MUSINGS**

OK, I have to admit that I dragged my feet on this newsletter – spent more time in the garden and on the lake than I did on the course. So please, just enjoy the photos. Actually got faces in these instead of backs of heads!

Our club added several new members in June, and I hope to be able to get some info and photos to introduce them in the next newsletter.

*The Editor appreciates any suggestions, corrections, etc.: [bonnievanhise@gmail.com](mailto:bonnievanhise@gmail.com)*
