How to Play Golf Horse Race

Teams of 2 alternate shots, all teams teeing off the 1st tee. After every team has holed out on #1, the teams with the highest score are eliminated. Remaining teams tee off the next hole; again, the teams with the highest score are eliminated. This continues until the 9th hole where the three remaining teams compete for "Win," "Place," and "Show." The teams who are eliminated follow the race and cheer for their favorite teams....accompanied by the beverage cart!

Notes about the Ringer

Final Ringer scores are calculated by using the best score for each hole. Flights are made by handicap, with \$15, \$10, \$5 going to 1st, 2nd, and 3rd place. Ties are broken by calculating the most improvement from first to final score.

BON VOYAGE AND GOOD LUCK TO LEXI

Lexi Thomas headed off to her freshman year at Crown College in MN on August 16. She won a golf scholarship to Crown and her home course is Island View Golf Course. Practice began immediately with her first match played on August 26 against UNW.

Lexi was very excited to join our league and thankfully Tony accommodated her hours to allow her to play. Her golf scholarship allows her to join a league but does not permit her to win money. (Darn!) Thanks to all who made her feel so welcome! We wish her well in her first year at Crown College!

Well, everybody was busy playing, so we did not get any photos of the event. Check out our archives next year for photos of the banquet and awards.

CAMP NICOLET PICNIC

Many, many thanks to Georgie for arranging this day of indulgence at her beautiful Camp Nicolet. What a super way to end our season together.

Some of our ladies enjoyed a day of golf and camaraderie at Bass Lake Golf Course on August 26.
